PROFESSIONAL SUMMARY

Investor Services Analyst with 3.5+ years of experience leading investor onboarding within Transfer Agency operations for a U.S.-based FinTech specializing in automated data management for alternative investments, serving private equity and hedge fund clients. Specialized in end-to-end onboarding — subscription document review and collection, AML/KYC and Customer Due Diligence (CDD) / EDD checks, investor and account setup on investor portals, and contact, address and bank wire detail configuration — within high-volume, SLA-driven environments. Experienced in managing onboarding queries and escalations, coordinating with onshore fund administrators and compliance teams to keep onboarding within SLA, and maintaining data accuracy across investor-based/fund-based applications. Skilled in data reconciliation, validation, and cross-functional collaboration, with strong proficiency in Excel, SQL, and investor portal platforms. Committed to delivering a smooth, compliant onboarding experience from first document to fully active investor record.
